

## STATEMENT

Dear Valued Customer,

This statement letter refers to the following Nitto Denko Corporation (Company name) Product NO5011N

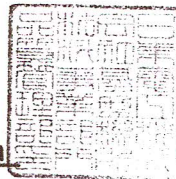

We declare that products referenced above that our company (including all subsidiaries and affiliated subsidiaries) has delivered and will deliver directly are not subject to the latest China "Blue Sky Protection Campaign" Volatile Organic Compounds (VOC) regulations, officially published in March 2020.

Additionally, our product and manufacturing processes meet current VOC regulations of China. Potential new developments and updates in regulations are monitored closely and considered for present and future applicability.

*This statement is only for specified products, not for release liner, packing material and the other items.*

Please contact us with any questions.

Best Regards,
